

Thanking our Volunteers

The mission of Down Syndrome Association of Central California is to enhance the quality of life for all people whose lives are touched by Down syndrome. The goal of our organization is to provide programs that promote greater awareness of the developmental, educational and social potential of people with Down syndrome. We envision a community that demonstrates acceptance, inclusion and appreciation of its citizens who have Down syndrome.

Without our dedicated volunteers, we would not exist. We are blessed with many devoted, hard working individuals. They spend countless hours organizing conferences, helping with administrative duties, assisting at programs and events, serving as Board or Advisory Council members, raising funds and awareness and the list goes on.
